“March of the Living was an amazing program. Everything I participated in, learnt and gained from the program has been useful in helping me develop my Jewish identity. MOTL was one of the best experiences of my life and I would never change any bit of it.”

“ Thank you for this incredible experience. I am so grateful that this opportunity exists and I will make it my duty to teach others about what I have learnt. ”

“ The program changed my life! It was powerful, inspirational and life enhancing. I learnt so much about myself that I don’t believe you can learn anywhere else in the world. ”

“ This has been one of, if not the most eye opening and most insightful trips I have ever been on. Through embarking on this trip I feel I have really broadened my knowledge immensely on the Holocaust and have learnt so many life lessons that I hope to pass on to each person I come into contact with. I truly believe that March of The Living is an experience like no other and I am so thankful that I was privileged to experience such an amazing program. ”

“ March of the Living is an amazing immersive program that I strongly urge everyone to do. Holocaust survivors are not going to be around forever. Who’s going to tell their stories? We are. We must bear witness to the atrocities committed against the Jewish people in order to make sure they are never repeated again to any human being. ”

“ The March has to be one of the most moving and important experiences anyone could have. I’ve been so inspired to educate more people about the Holocaust in order to teach the lesson which it provides which is to never let hatred win and make sure no group of people ever have to go through that again. March of the Living is the experience of a lifetime so I strongly urge everyone to do it as soon as you can. ”
